A Farmer's Question

An Appomattox county farmer came into our office. He has just raised a question we'll pass on to you. "What merchant," he asks "would be satisfied to have all of his stock sold at auction? Would he stand to get a good price that way?"

Well, that farmer and I and all of you know the answer. Auctions whether by a sheriff or a tobacco warehouse, seldom bring in good prices, as compared with some other methods of selling.

Think that question over. How many of you would be satisfied to have the possessions that give you livelihood knocked off at auction.

The present system of selling of tobacco has been tried in the scale and found WANTING.

Good Chance For Us

Appomattox doesn't seem very excited about it, and frankly we doubt if many of you know it, but yet the fact is that next week from 600 to 800 Baptists from all this section of Virginia will be here to attend the various sessions of the 130th annual Appomattox Baptist Association.

The meetings will be held at Liberty church April 12 and 13. Now, that's something worth our planning for. Some of the finest people for 50 miles around will be here.

It's a chance to quicken social and religious life. It's a chance to renew old friendships. It's a chance to win new business patronage.

Just for a change, let's all get together and put over a great big reception for these guests and make them want to visit our town again and again.

You know, Grant didn't take the keys to the town away with him after the Surrender and we don't HAVE to ride along on prisoner's rations until we meet him on t'other side. Spruce up a bit. Get a whiff of SPRING. Welcome the Baptist Association.

Better Breakfasts

WHAT! No bacon nor eggs? Well, do we always have to have bacon or eggs for breakfast? If you belong to the followers of the better breakfast campaign you will enjoy one breakfast a week that omits these two favorites, providing it affords something else very good and different.

Baked Prunes with Lemon Peel
Boiled or Steamed Rice with Grated Maple Sugar
Pineapple Breakfast Cake
Coffee

Pineapple Breakfast Cake: Sift together one cup flour, one-eighth teaspoon salt, two teaspoons baking powder and one tablespoon sugar. Cut or rub in three tablespoons shortening. Add one well-beaten egg and two tablespoons milk. Pat out into a round greased tin. Drain thoroughly the crushed pineapple from an 8-ounce can, and spread over the top. Sprinkle with one-half cup brown sugar and dot with two tablespoons butter. Bake in a hot oven—400 degrees—for fifteen to twenty minutes. Serve hot. This serves from four to six persons.

Vary Your Menus

Winter appetites demand variety in foods. Bake baked dishes and sustaining menus. Try baked fruits for a change and hot breakfast cakes are also delicious.

The following menu suggests a different way to serve fruit, an innovation in cereal, and a very delicious breakfast cake instead of toast. Try it.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleaning of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestine, rendering them temporarily unable to perform their normal evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending as it does, to establish a regular habit of evacuation.

Disarmament

AT THE present time much is heard about disarmament. To the world in general the word means the act of disarming, as by reducing the military or naval forces of nations. As the years pass, it is being learned that this taking away or lessening of a material sense of power is not in itself capable of bringing peace. Yet is not peace what the people of the whole world are seeking? The realization of harmony can never be gained while the thoughts of men are filled with envy, hatred, and suspicion. If fear could be eliminated from the thoughts of men, then the host of evil beliefs, expressed in malice, jealousy, and the like, would disappear.

Suppose the right way of thinking, with the consequent blotting out of thoughts of hate, should spread until for the whole human family all sense of hatred had been destroyed. What a change would have come over the world! Indeed, to disarm men of the evil mode of thinking would bring about the peaceful attitude of nations towards one another which people so much desire.

As nations are aggregations of people, each individual in the nations must disarm his own thought of fear and hatred. This true disarmament is not material, but spiritual. If we really desire to have no need for arms, we must begin with ourselves and control our own thoughts.

Those who have learned through the teachings of Christian Science that man is the reflection of divine Love, God, the creator of all that is real, must live consistently with this teaching. They must refuse to think such impure thoughts which include or express hatred. That will be the result! The love expressed in their thinking will be felt by all with whom they associate.

For those who have the correct understanding of Truth, now, not tomorrow or next week, is the time for them to begin by right thinking to help disarm the world of its fears. One may say: "What good can my thoughts do for the world? I am only one standing against the widespread belief in the power of evil." Studying the life-example of Christ Jesus, we find that he was as one against the world. Were his right knowing, right thinking, and right acting in vain? Are we truly his followers when we are not endeavoring to fulfill his mission? Was not this mission to bring to light peace, good will, universal love? The three years of his glorious healing ministry were filled by him in showing the world, for all time, how to disarm itself of all error. As in the time of Jesus envy, hatred, and malice were aroused by his demonstrations of the truth, so at this period, Mary Baker Eddy writes (Miscellaneous Writings, p. 134), "Error is only fermenting, and its heat hissing at the 'still, small voice' of Truth; but it can neither silence nor disarm God's voice."

Joshua and his band were not discouraged because the walls of Jericho did not fall at once. It was necessary that the army should march around the walls each day, for six days, and on the seventh day seven times. And not only did the people march together, but before the walls fell they shouted as with one voice. By the individual recognition that the real man reflects only Truth and Love, so-called mortal mind is denied, and its false beliefs of envy, jealousy, suspicion, hatred, and fear are destroyed. Love is supreme. The Psalmist realized that man have the power to resist evil when he said, "The counsel of the Lord standeth for'ever, the thoughts of his heart to all generations." The counsel of the all-knowing Mind can and will guide men aright as they give up self-will and surrender to God, Truth. "The thoughts of his heart" are thoughts of peace. Are we listening to these spiritual thoughts or ideas of peace and harmony, or are we believing that hate and fear are irresistible? It is for each individual to answer aright this vital question.—*The Christian Science Monitor.*

Bent Creek News

Bent Creek, April 4: The farmers through this section are behind with their work owing to recent rains but most of their tobacco has been sold. Upon the whole prices have not been satisfactory. When the farmer fails to get good prices it is soon felt by those in other businesses.

The wheat crop has improved right much since the snow fall of several weeks ago.

W. W. Thornhill and several others went to Richmond Monday to see his brother Vincent who is very ill, having undergone an operation of serious nature.

Ned Moore, who has been receiving medical treatment at the hospital returned home Sunday very much improved.

It is estimated that there were over 100 fishing at the Horsley pond Easter.

Finds Dead Baby In River Wrapped Up In Stocking

C. T. Phelps, while walking near the James River a short distance from the bridge at Bent Creek last Sunday, found the body of a baby which had evidently been in the water for several days.

The body was wrapped in a stocking. It was brought out to Appomattox, but no inquest was necessary and the body was buried.

Insull arrested in Turkey and held for U. S.

Lucky Scrap Jelly

Chip up pieces of candied fruit you must have at least one-half cupful and you can use twice amount if you like. If no candied fruit is around, use broken nut meats or small bits of candy or raisins or dates stoned and finely cut.

Make 2 cupfuls of lemon or orange gelatine. Pour the gelatine into a mould and, when it is cool and begins to "set" add the diced candy. When setting time comes, pour the mould upside down over the serving dish. Wring out of very hot water and the jelly will fall onto the dish.

A garnish of whipped cream or condensed milk, whipped, makes the dish prettier.—Child Life Magazine.

Nerves — Do they torture you by day? Keep you awake at night?
What is it that keeps hospitals open and doctors busy? NERVES.
What is it that makes your face wrinkled and makes you feel old? NERVES
Nine times out of ten it's NERVES that make you restless, worried, haggard.

Nerves — Do they make you Cranky, Blue—give you Nervous Indigestion, Nervous Headache?
When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache.
Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

Nerves — Do they interefere with your work; ruin your pleasure; drive away your friends?
You're cheating yourself and the man who pays you if you work when your NERVES are not normal.
You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

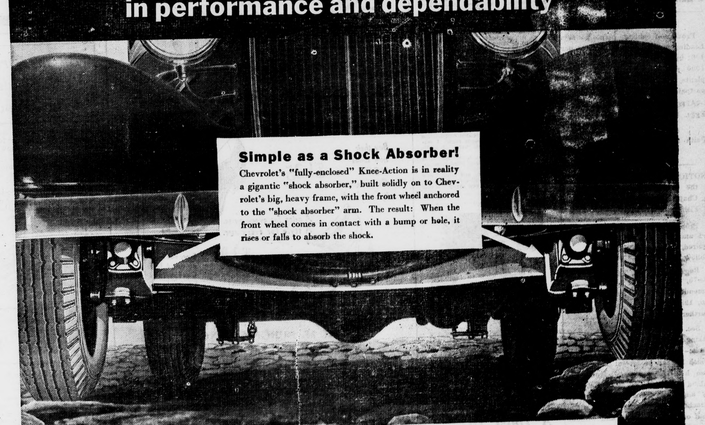
The only low-priced car with fully-enclosed Knee-Action Wheels and what a difference that makes in performance and dependability



Simple as a Shock Absorber!
Chevrolet's "fully-enclosed" Knee-Action is in reality a gigantic "shock absorber," built solidly on to Chevrolet's big, heavy frame, with the front wheel anchored to the "shock absorber" arm. The result: When the front wheel comes in contact with a bump or hole, it rises or falls to absorb the shock.

CHEVROLET — In a Chevrolet, you not only get the gliding ride *at its best*, you also get several other Knee-Action advantages not found in any other low-priced car! The reason: *Chevrolet's* Knee-Action is of a very special kind. The patents on it are held exclusively by General Motors. In this construction, the coil spring, which is the heart of the mechanism, is safely and solidly enclosed in a heavy steel housing to keep out dirt and flying stones. What's more, the design of this type is such that the steering mechanism is completely divorced from the spring action, the result being a new and welcome type of shock-proof steering.

Admittedly these "fully-enclosed" Knee-Action wheels are more expensive to produce than other types. But Chevrolet feels that the extra satisfaction thus assured for Chevrolet owners is well worth the extra manufacturing cost. And this same attitude is responsible for the presence of many other "fine-car" features in the new Chevrolet: the large, roomy Fisher body. The new Y-K frame. The cable-controlled brakes. In fact, everything about this automobile reflects Chevrolet's well-known policy: to build the *most* cars, by building *the best cars* of low price!
